**FOR IMMEDIATE RELEASE**

## **FRESH WAREHOUSING SELECTED AS HAZ MAT WAREHOUSING AND DISTRIBUTION FACILITY FOR OXYCHEM DIVISION OF OCCIDENTAL PETROLEUM CORPORATION**

*St. Louis, Missouri:* Safe handling of hazardous materials (HAZMAT) in a confined public warehouse is a specialty of [Fresh Warehousing & Fulfillment](#). Fresh has taken all precautions to create a total [haz mat warehousing solution](#) for all their haz mat customers' needs and has the highest safety record for hazmat warehousing. Fresh strives to meet and exceed the safe hazardous materials standards of all regulatory agencies. Because of Fresh Warehousing's exemplary reputation as a superior haz mat facility, they were recently chosen as Midwest fulfillment center for Occidental Petroleum Corporation's Oxychem Division as a storage and distribution facility for the company's line of chlorine tablets for Leslie's Pool Company. Fresh stores over 10,000 pallets of chlorine product for Occidental Petroleum in their Sauget, Illinois facility.

~ MORE ~

Fresh Warehousing & Fulfillment worked closely with Occidental Chemical to customize storage and integrated logistics solutions, providing shuttle, storage and transportation services. According to John Cusumano Jr, Director of Business Development, "Fresh Warehousing & Fulfillment provided solutions which achieved the budgetary objectives of Occidental Chemical and Fresh is prepared to handle a wide array of hazardous materials and [haz-mat products](#). Our material handling equipment can handle haz mat warehousing requirements for carloads, drums, pallets, cases and individual hazardous materials units. Our Midwest haz mat storage areas are also equipped for secondary packaging for special handling. We have fully protected our special warehousing storage to assure containment within our St Louis area warehouse facility".

Fresh Warehousing & Fulfillment is a privately held [haz mat](#), contract warehouse and fulfillment services company. The [family-owned firm](#) will works with customers to create a [cost-effective](#), strategic logistics program. Fresh Warehousing analyzes and creates a solution matched to their customers' goals, and backs it up with ISO based measures to ensure continual satisfaction. Large enough to get the job done, with over 1.5M sq.ft., and small enough to care, Fresh Warehousing's [warehousing](#) & [fulfillment](#) goals will be continually maintained by caring, family oriented staff.
